

The ImagePerfect™ 3500 Premium series is a high-quality, monomeric matt vinyl range with a semi-permanent, solvent-based adhesive. This range is available in black, white and 30 colours.

## IP 3500 Premium

ImagePerfect™ films in the 3500 Premium range are high quality, flexible, self-adhesive, monomeric, calendered matt PVC with a pressure-sensitive, semi-permanent adhesive which has a medium bond for repositionability that can be peeled cleanly from most substrates after use. The inherent properties of the products promote excellent cutting and weeding characteristics. This product is suitable for the majority of internal applications and also for certain short-term, external applications - e.g. exhibition/display graphics, short-life directional signage, point-of-sale displays, indoor architectural signage, information boards/menus, etc.

Specifications	
DESCRIPTION	Monomeric, calendered PVC
COLOUR	Black, white and 30 colours
FACE FILM THICKNESS	75µ
ADHESIVE	Semi-permanent solvent acrylic
ADHESIVE STRENGTH	15N/25mm (Finat TM 1/24h)
RELEASE PAPER	PE coated silicone paper, 140g / m <sup>2</sup>
TEMPERATURE RANGE	- 30°C up to + 90°C
DURABILITY (UV STABLE)	Up to 5 years
FLAME RETARDANCY	B1
SHELF LIFE	2 years, 20°C / 50% humidity
